

Installation of the T.P.E. CC1150 Blue Handle to Convert a Later Type Q1339A Cartridge to an HP4345

Cartridge

Step 1

1.) Position the Handle to that shown in the photo. The bottom of the handle has two lugs which slot into 2 slots in the lower part of the top of the hopper.

Step 2

1.) Screw the Blue Handle to the top of the Toner Cartridge.

2.) Installation completed.

Compatible Cartridge

With recess

No recesses

This handle can only be used with the cartridge shown in the top left photograph (39A). There are 2 types of HP4300 Q1339A cartridge. An early and late version. Only the type which has the recess can be fitted with the blue handle.
