First to Market

CC1416 HP P1505 Enlarged Waste Section

T.P.E. has developed a large replacement Waste Hopper and associated fixing components to allow Enlarged Hoppers to be fitted to the CB436A cartridges.

The CB436A starter cartridge comes with a small capacity Waste Hopper which precludes the fitting of Enlarged Hoppers. This T.P.E. Enlarged Waste Hopper can be fitted with the T.P.E. HP P1505 Enlarged Hopper to allow more space for waste toner.

The T.P.E. Enlarged Waste Hopper comes complete with PCR saddles, springs, and contact, recovery blade, all foams and O.P.C. Mounting Axle.

T.P.E. also offers a range of replacement parts for this series of cartridges.

CC1407 - Blended Bushing

CC1408 - IC Clip

CC1409 - Wipers

CC1410 - Exit Port Plug

CC1411 - Mag Roller Sealing Blade

CC1412 - Recovery Blade

SRS Seal
